

HISTORIC 
ST. MARY'S CITY

Big Blue Barns

- When I first get to Historic St. Mary's City, I may see a few big blue barns and the parking lot.
- One of these barns is the Visitor Center.
- I may go to the Visitor Center to get a ticket.

Visitor Center

- This is the Visitor Center, which is inside one of the big blue barns.
- There is a desk in front, and I may go there to get my ticket and a map.

Visitor Center

- The ticket is a sticker that I can stick on my clothes.

Visitor Center Artifacts

- The Visitor Center also has some artifacts.
- Artifacts are objects from history that provide clues about the past.

Visitor Center Artifacts

- I may look at at these items, read about them, and watch a video about them and the museum in the Visitor Center.

Places to Rest

- There are picnic tables outside of the Visitor Center where I may sit and rest or eat.

Places to Rest

- There is a water fountain shaped like a barrel near one of the other blue barns, and I may get a drink here.

Places to Rest

- The Visitor Center is quieter than the outdoors, and I may rest here for a few minutes.

For Help

- If I need help or have a question, I can either tell my guardian I need help or go into the Visitor Center and ask for help from the people inside.
